

MASUDEM

Title: MASUDEM Project

Organizing institution: Srinakharinwirot University

Date: July 27, 2023

Description:

Developing Subject for Master Studies in Sustainable Development and Management

The MASUDEM initiative, under the astute coordination of Professor Dr. Anetta Caplanova, is directed towards the establishment of a Master's Program in Sustainable Development and Management, achieved through the meticulous creation of tailored courses designed to address specialized aspects of the field. The collaborative endeavor between MASUDEM and the ECON department at SWU serves as a tangible demonstration of the unwavering dedication exhibited by both institutions towards the cultivation of educational pursuits and the facilitation of visiting professors who are instrumental in propelling the trajectory towards sustainability. In doing so, this partnership actively contributes to the furtherance of knowledge and expertise within the domain of economics, resonating with the overarching mission of promoting sustainable practices.

Additional information of the MASUDEM project can be found at <https://masudem.org>
